To Whom It May Concern:

I am writing to thank you for sending the sample pamphlet, "Plain Talk About Spanking." The In-Home Services Division of Southwest Human Development provides parenting training to families involved with Child Protective Services. As you can imagine, this is a population of families who would greatly benefit from your publication. Our division is broken down into four units.

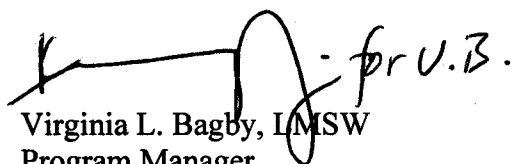

We are respectfully requesting an order of 450 "Plain Talk About Spanking" informational packets to be distributed not only to the families, which we serve one on one in the home, but also to be distributed at our parenting classes. We will use this material to better inform families of the effects of physical discipline on children and to encourage non-violent forms of discipline. In return for your donation, our agency has enclosed a donation of \$50.00 towards your program.

Please mail materials to:
