Dear Mr. Riak,

This letter is to express FCPCA's appreciation for your letting our organization include your article, *Plain Talk About Spanking*, in our 1995 April Packet. We feel the article was a very important part of our packet. This compilation of child abuse prevention materials went out recently to approximately 3000 prevention professionals here in Florida, and will be distributed to others throughout the coming year.

If possible, could PTAVE sponsor the printing of 500 copies of this article in its revised design (see enclosed) to be distributed by FCPCA at our upcoming statewide conference in Tampa?

Thanks again for your generosity. PTAVE is an important national resource for child advocates.

Sincerely,

Elizabeth Drake, M.Ed.
