Dear Mr. Riak:

The Iredell Co. Partnership for Young Children appreciates your shipping us another 200 copies of Plain Talk About Spanking. We are distributing this pamphlet through our programs, such as Parents As Teachers and our Play to Learn groups, and making them available to other families as we have contact with them.

I am sharing the booklet with other professional organizations, such as our Pregnancy Resource Center, so you may get requests from them as well. Next month we could distribute up to 300 booklets at the hospital's annual Baby Fair if they are available.

Thank you for providing this material at no charge so that we can, in turn, make it available to families in Iredell County.

Sincerely,

Ginger Hester

Director of Family Support Services
