Dear Mr. Riak:

I want to thank you for you giving us a generous supply of your booklet "Plain Talk About Spanking." I am giving a book to each parent of a two year old at the annual physical evaluation. I found your information to be very helpful and have gotten positive feedback from parents. My physician staff agrees with me about the booklet's usefulness. Please keep us in mind as you make further donations of your book in the future.

Sincerely,

Bill Pfeiffer, M.D.
