To: US Education Committee Member(s),

American schoolchildren rely on your integrity and responsible leadership for having school environments conducive to learning social, life and academic skills. Please co-sponsor HR 3027 today for having safe USA schools for schoolchildren throughout the USA and its territories.

Please review the pages indicated below from three recent professionally prepared documents regarding widespread and rampant USA school beatings and other forms of *sanctioned* and *lawless* school corporal punishment occurring daily in American schools, termed "legalized child abuse" by Rep Lynn Woolsey, May 2009:
